## MOTORHOMES

### DECLARATION OF PRINCIPLES

1. As a rule, camping with a motorhome perimeter, as a result of opening windows to the exterior, use of awnings, tables, chairs used to the practice of camping may result in the
2. The act of camping, as it is defined above, is only allowed in places approved by law and is forbidden on public roads, regardless of the time that occurs and shall, in safeguarding the public interest, be penalized.
3. Should also be observed that parking overnight, contrav Highway Code, may result in the immobilization of the motorhome, regardless of the presence of absence of people inside.
4. However, the act of parking, including overnight stays, as it is defined above, must be perm places not forbidden by law, without exceptions for motorhomes (if this was not considered it would undermine the motor caravanners' rights).
5. Legislating in a discriminatory form of equal or similar type are allowed,
6. Motorhome tourism is a proven factor in economic development for regions and people; consequently, there are compelling reasons that justify a positive discrimination motorhoming.
7. Campsites must allow the use of Service Areas for motorhomes therein (by installing the essential requirements for these vehicles), under a policy of the environment protection water, gray and black water disposal point, with appropriate prices for
8. The implementation of service areas for motorhomes, not only contributes to the economical development of cities, villages well as to traffic control.
